

LED garden and pathway luminaires · unshielded
with light emission on **one side** or on **two sides**

Protection class IP 65
Cast aluminium, aluminium and stainless steel
Safety glass, white
Connection box with 3x4² connection terminals

BEGA garden luminaires are bolted with a mounting plate onto a foundation provided by the customer or on an anchorage unit made of hot-dip galvanised steel.
The mounting system allows the luminaires to be aligned.
Anchorage units are accessories and must be ordered separately.
For technical data about anchorage units see Page 512

LED colour temperature optionally 3000K or 4000K
3000K – Article number
4000K – Article number + **K4**

Luminaire colour optionally graphite or silver
Graphite – Article number
Silver – Article number + **A**

Light emission on one side
